

OGS Earphone

21th Century Earphone
Revolution

Global Patent Protection

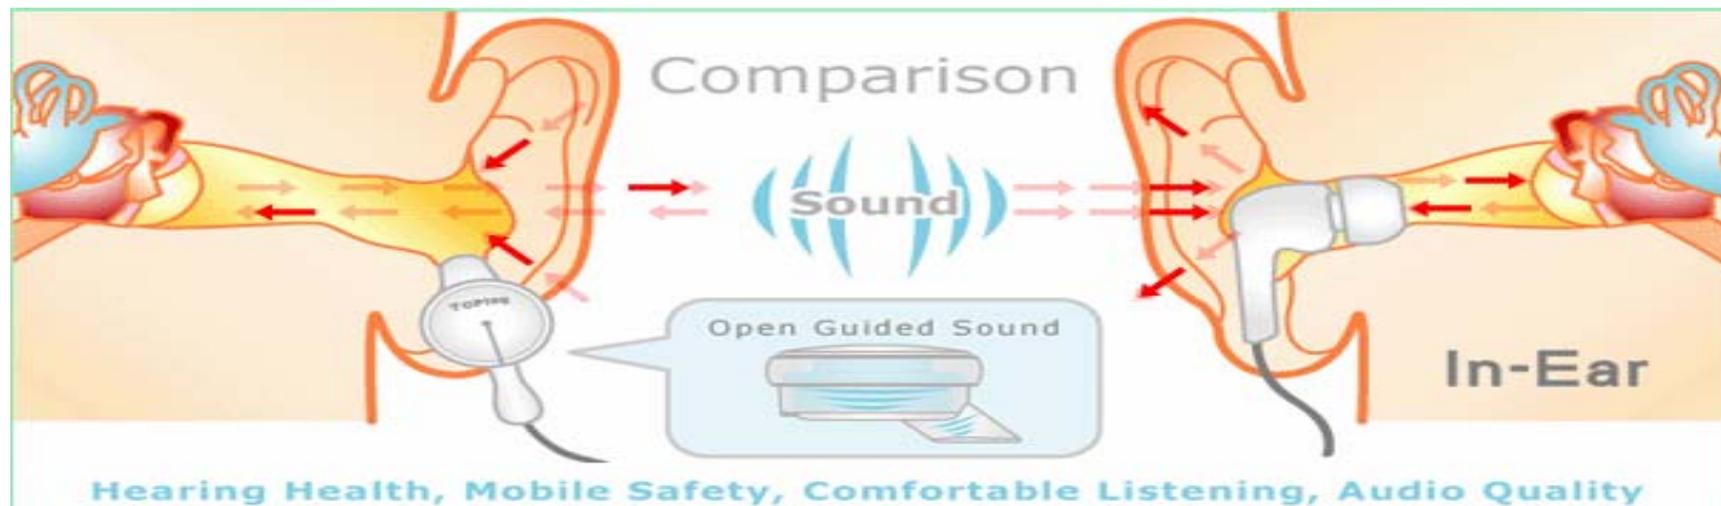

Why OGS Earphone

Points	OGS	Ordinary Earphone
Mobile Safety	You still can hear warning voice in outdoors mobility to keep safety.	Hearing will be isolated to cause mobile dangerous
Health	Open guided Sound (OGS) design won't damage hearing by large pressure.	Large sound pressure will damage hearing
Comfortable	No plug ears for health and comfortable	It is easy to feel painful and ringing in the ear due to plug ears
Quality	Patented OGS design can keep audio quality without echoing in the ears.	It is necessary to echo in the ears to keep the audio quality
Personal	It won't bring noise to the others by OGS design	Sound leak design is for most of earphones and it will affect the others during big volume
